問九

[illegible]

A 10x10 grid is shown with dashed horizontal lines and solid vertical lines. Five horizontal line segments are drawn at different heights, with their lengths labeled:

- A segment at the bottom left is labeled 150.
- A segment at the second height from the bottom is labeled 120.
- A segment at the fourth height from the bottom is labeled 90.
- A segment at the sixth height from the bottom is labeled 60.
- A segment at the eighth height from the bottom is labeled 30.
